

PRODUCTS 2025

(Intenso)[®]
for everyday life

INTENSO OFFERS PRODUCTS THAT
SUPPORT EVERYDAY LIFE AND HELP TO
MAKE MODERN LIFE EASY AND SAFE.

HIGH QUALITY AND MODERN
TECHNOLOGY ARE ESSENTIAL
FEATURES OF THE BRAND.

INNOVATIVE

Continuous improvement and expansion of the product range.

SUPPLY OF GOODS

Delivery free of charge and high availability.

CONTINUOUS PROGRESS

The reliable supplier for storage, energy and audio products for over 25 years.

HIGHEST QUALITY

with a return rate below 1%.

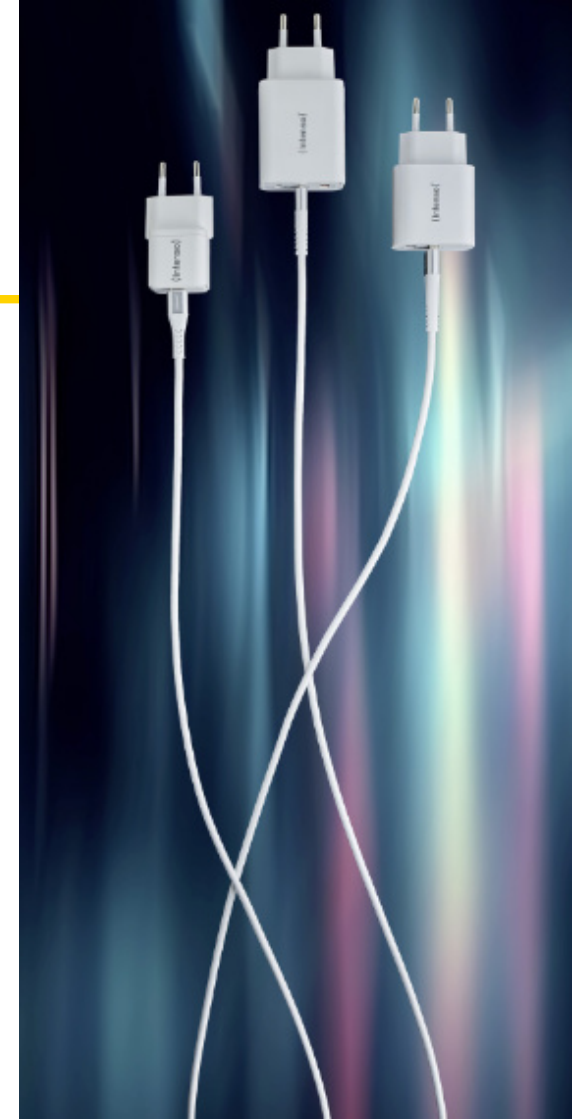

QUALITY CONTROL

by an accredited and independent German testing institute and comprehensive inspection of incoming goods.

MARKET LEADING POSITIONS

prove our quality standards and high customer satisfaction.

White - 7806512

What is GaN?

GaN adapters are a new type of power adapter that have many advantages compared to conventional, silicon-based adapters. GaN stands for Gallium Nitride, a material with a higher power density and efficiency. The use of GaN enables smaller power adapters that can also handle higher voltages and currents and even produce less heat.

This makes our power adapters with **GaN** technology **smaller, faster** and above all, more **energy efficient**
